

Mental Health Worker ACTT

The CMHA Cochrane-Timiskaming Branch is currently seeking a Mental Health Worker.

The successful applicant for this position provides comprehensive client-centered support to individuals who have been diagnosed with a serious and persistent mental illness, conducts presentations to promote mental health and the understanding of mental health and illness, and provides community outreach, finding methods to reach out to individuals in the community who could benefit from our services.

Candidates should possess a Bachelor's Degree in Social Work or a Bachelor's Degree in Psychology. Other Bachelor's degrees with significant relevant mental health and addictions experience and training may also be considered. A belief in recovery and the ability to establish supportive trusting relationships with persons with serious mental illness are essential qualities, as is the ability to collaborate and contribute to the positive culture of the team. A valid driver's license and use of a reliable vehicle are required.

*** Internal Applicants: Any current employee who has previously occupied a Community Support Worker, Case Manager or Mental Health Worker position before the minimum requirements for Mental Health Worker changed to a BSW degree or BA in Psychology, and prior to the amalgamation of these 3 positions in the collective agreement, may apply and be considered for this position.
