

CMHA CT is seeking Expressions of Interest from qualified and dedicated psychiatrists to provide education and clinical supervision to regulated and non-regulated health care professionals working in community-based mental health and addictions services. This is an excellent opportunity for psychiatrists interested in contributing to the professional development of our team and strengthening community resources to improve the quality-of-care individuals living with mental health and/or addictions challenges receive.

Key Responsibilities:

- Offer clinical supervision and education to a multi-disciplinary team, consisting of regulated and non-regulated staff.
- Provide guidance on diagnostic assessments, treatment planning, and therapeutic interventions.
- Assist in developing and refining clinical skills in diverse cases, from common to complex psychiatric conditions.
- Offer feedback and support for professional development and ethical practice.
- Collaborate with staff and leadership to enhance service delivery.

Qualifications:

- Board-certified/board-eligible psychiatrist (or equivalent).
- Proven experience in psychiatric clinical practice.
- Strong communication and teaching skills, with the ability to engage with diverse learners.
- Experience in providing clinical supervision or mentoring preferred but not required.
- Commitment to fostering a learning environment and contributing to the growth of others in the field.

Compensation: Competitive remuneration commensurate with experience.

The work can be completed virtually or in person in any of our sites (Cochrane, Iroquois Falls, Timmins, Kirkland Lake and/or New Liskeard)

How to Apply:

Please submit your CV and an expression of interest to: Lore-Lee Fortin, Director of Service
lfortin@cmhact.ca.

We look forward to hearing from you!
